Kalihi Palama Culture and Arts Society
357 North King Street
Honolulu, Hawaii 96817

Dear Jan,

Hope all is going well with you and the center. I appreciate you kindly sharing those pictures with us from Keiki Hula. Carrington always enjoys his hula and his involvement with the other children in Keiki Hula.

I'm hoping I am not too late in answering your letter for the draft copy of the hula book. I have been so busy lately. I had time to read it, just needed to put some of the words and expressions correctly. You see my husband went to school for Journalism and he would not let this copy be printed without it being correctly stated. We kept to the story lines as indicated in your letter. Please read and compare and if you have any questions please call or send me a letter and I will promise to get on it and send it back.

Mahalo for your kind understanding on this matter.

A hui hou,

Nani
